

**Captive Insurance
Solutions**

Target Class of Business Overview

This program provides Commercial General Liability, Commercial Automobile, Workers Compensation and Excess coverage for the following segments of business:

1. Fuel Distribution
2. Energy Transportation
3. Energy Construction
4. Agricultural Cooperatives
5. Renewables
6. Utilities

Maximum Limits Available

Commercial General Liability

General Aggregate \$ 2,000,000

Products & Completed Operations \$ 2,000,000

Each Occurrence \$ 1,000,000

Personal Injury & Advertising Offense \$ 1,000,000

Fire Damage Legal \$ 100,000

Employee Benefits Liability (claims made) \$ 1,000,000

Liability Deductibles NONE

Commercial Automobile

Bodily Injury & Property Damage \$ 1,000,000

Hired & Non-Owned \$ 1,000,000

UM/UIM State Minimums

Auto Physical Damage Actual Cash Value (ACV)

Liability Deductibles NONE

Physical Damage Deductibles \$2,500, \$5,000

*Garage Keepers on a direct primary basis

Workers' Compensation

Workers Compensation -Statutory

Employers Liability

Each Accident \$1,000,000

Disease – Policy Limit. \$1,000,000

Disease – Each Employee \$ 1,000,000

Commercial Excess Liability

Each Occurrence or Event \$ 4,000,000

General Aggregate \$ 4,000,000

Target Class of Business Overview

This program provides Commercial General Liability, Commercial Automobile, Workers Compensation and Excess coverage for the following segments of business:

1. Fuel Distribution
2. Energy Transportation
3. Energy Construction
4. Agricultural Cooperatives
5. Renewables
6. Utilities

Fuel Distribution

The following classes of business are included in this segment:

- Brokered Electricity and Natural Gas
- Electrical Charging Stations for Transportation
- Heating Oil, Lubricants and Bio-diesel Distribution
- Propane and Natural Gas Distribution
- Renewable Fuel Products
- Retail and Wholesale Distribution of Motor Fuels
- Retail Gasoline Stations with Convenience Stores
- Retail Liquid Natural Gas Fueling Stations
- Terminal Operations
- Generators – Installation/Service/Sales
- Related Service Work for any of the above operations

Energy Transportation

The following classes of business are included in this segment:

Gasoline and/or Distillates Transportation including (but not limited to):

- Fuel oil (type 0, 1, 2, 4, 5, 6)
- Kerosene (K1, K2, K3)
- Gasoline (regular, midgrade, premium, racing fuels)
- Diesel (LSD, ULSD)
- Marine (distillate, residual)
- Aviation fuels (JP-4, JP-5, JP-8, Jet-A, Jet-A1, D 910, 100 LL, Grade 100, Grade 80)
- Liquid Petroleum Gas (LPG)
- Butane
- Bio-diesel
- Ethanol
- Compressed & Liquid Natural Gas
- Lubricants
- Crude Oil
- Asphalt
- Oilfield Services Transportation - drilling supplies, sand, water, and equipment
- Select Petrochemical and Chemical Haulers (refer to Appendix C)
- Coal
- Water – potable, pool
- Recycled Oil
- Ag Products

Construction

The following classes of business are included in this segment:

Water/Sewer and Excavation Contractors

- Sewer main or connection construction, sewer/manhole rehabilitation
- Water main or connection construction
- Utility line inspection and crack sealing operations
- Tunneling using a trenchless construction method for the installation of underground utilities. Must be a non-man entry and workers must not work under air pressure
- Conduit construction for cables and wires
- Incidental septic system installation is eligible
- Associated landscaping operations are eligible

Cable, TV, Telephone, and Power Line Contractors

- Above ground cable, TV, telephone installation and repair
- Above ground low and medium voltage power line installation and repair
- Below ground cable, TV, telephone installation and repair
- Below ground power line installation and repair
- Conduit construction for cables and wires
- Associated landscaping operations are eligible

Water/Test Well and Geothermal Contractors

- Residential and commercial water, test well drilling, and hydro-fracturing.
- Residential and commercial geothermal drilling
- Residential and commercial geothermal systems installation and repair
- Associated landscaping operations are eligible

Electrical Contractors

- Commercial contractor
- Industrial contractor
- Residential contractor
- Incidental equipment sales

Heating, Ventilation, and Air Conditioning (HVAC) and Plumbing Contractors

- Incidental HVAC equipment and parts sales
- Commercial contractor
- Industrial contractor
- Residential contractor
- Incidental HVAC equipment and parts sales

Gasoline Station Service Contractors

- Pumps
- Canopies
- Tanks
- Plumbing
- Tank contents and leak monitoring systems
- Point of sale equipment

Renewable Energy Contractors

- Solar dealer/distributor operations are eligible if their sales represent less than 20% of total Sales
- Roof construction limited to that which is directly related to the installation of Renewable Energy related equipment (See Renewable Energy)
- Wind dealer/distributor operations are eligible if their sales represent less than 20% of total sales

Oilfield Services Contractors

- Site Preparation including road grading/leveling and pad site building
- Roustabouts
- Oilfield Services/Maintenance Contractors
- Oilfield Related Transportation (See Energy Transportation)
- Pipeline Operations – gathering, transmission, and distribution lines
- Industrial and Refinery Servicing Contractors
- Associated landscaping operations are eligible
- Cranes and Rigging

Energy Savings Contractors

- Commercial Electric/Mechanical Contractors

Agricultural Cooperatives

The following classes of business are included in this segment:

- Aerial Pesticide and Herbicide Application – Subcontracted
- Agronomy
- Biofuel Production
- Building Materials
- Custom Farming
- Ethanol refining/distillation
- Farm Supplies and Hardware
- Feed Manufacturing and Distribution
- Fertilizer Sale, Distribution, and Application – dry, liquid, anhydrous ammonia
- Flour Mills
- Grain Elevator Operations – marketing, storage, treating, drying, transportation of grains
- Herbicide/Pesticide Distribution and Application
- Miscellaneous Cooperatives – fruit, nuts, dairy
- Motor fuels with Convenience Stores
- Seed Distribution

Renewables

The following classes of business are included in this segment:

- Solar
- Wind
- Hydro
- Biomass
- Biofuels – Ethanol/Algae: Refining/Distilling
- Geothermal
- Waste-to-Energy

Utilities

The following classes of business are included in this segment:

Electrical Power Generation Utilities

Centralized (Traditional) Electrical Generation

- Hydro
- Coal
- Oil
- Bio Fuel
- Solar
- Wind

Distributed (Onsite) Electrical Generation

- Combined Cycle
- Industrial Natural Gas Fired Micro-turbines
- Gas Fired Reciprocating Engines
- Fuel Cells
- Solar
- Wind

Electrical Power Distribution Utilities

Centralized Distribution

- Electrical Cooperatives
- Municipal Utilities

Distributed Onsite Electrical Generation

Telecommunication Utilities

- Satellite Television
- Mobile Communication
- Cable
- Fiber-optic and copper aboveground
- Fiber-optic and copper belowground

Power Generation - from steam:

- Steam Cogeneration
