RE: National Contractors Insurance Ltd.
Indication of Coverage Effective 08/01/21

Dear Mr. Castelli,

We have received on your company's behalf, from National Contractors Insurance Ltd., the attached summarized indication, subject to approval by Zurich North America. This document utilizes a number of exhibits designed to provide an outline of the structure and costs associated with the captive. While the indication summarizes the captive program, please refer to the Information Memorandum provided to you for complete details.

Included within the indication are:

Captive Overview – This section provides an outline of costs and various components of the captive. Please note, with respect to costs, the component for offshore expenses is variable depending upon the final cost to the group; however, the variance is generally no more than 1%-3% of premium.

Captive Summary – This section provides an overview of the expected first year costs of the captive.

The remaining sections of the indication provide the coverage template and details including the actuarial loss forecast and the submission upon which the indication is based. In addition, there is a list of resources available to National Contractors Insurance Ltd. members as well as pertinent information regarding member requirements contained within these sections.

Page 2

You will recall that we stress in our presentations that National Contractors Insurance Ltd. does not try to follow the soft or hard market. Rather, it provides a long term, stable, controlled approach to your insurance needs. As a shareholder in the captive rather than an insurance buyer, you will strategically position your company for the future, regardless of how the conventional market may fluctuate.

We look forward to answering any questions you might have.

Best regards,

Joe Colaluca
Senior Vice President

DTEC	TBD	TBD
Occupational Accident Premium	\$5,107	\$2,967
Travel Reimbursement	\$4,000	\$4,000
Total Pay-In Costs	\$453,406	\$265,105

ESTIMATED INVESTMENT INCOME

Unlike conventional programs, you will earn investment income on premium in your loss fund equity account until a claim is actually paid, not incurred.

For illustrative purposes, the average payout pattern of claims (as provided by Pinnacle Actuarial Services) for captives to which CRI consults is 23.80% yr. 1, 25.60% yr. 2, 17.10% yr. 3, 12.30% yr. 4, 8.00% yr. 5. National Contractors Insurance Ltd. (NCI) invests the majority of its funds in the Captive Investors Fund (CIF) which has a historical rate of return of 6.01% since inception as of 12/31/20. The estimated investment income evidenced herein is calculated with a similar rate of return on the entire loss fund paid out over 5 years in accordance with the average payout pattern. If claims are less than the full loss fund, the investment income will be higher. If claims are paid faster than the average payout pattern, or exceed the loss fund, the investment income will be lower.

The important point to remember is that, whatever the final amount, you will have the opportunity to earn investment income on your loss fund premium. There is no guarantee that CIF funds, or any other investment vehicle, will earn a particular investment return or will not incur losses.

Captive Overview D&M Contracting, Inc.

CAPTIVE NET EFFECTIVE COST

For illustration purposes, below is an example of the net effective costs of NCI.

Loss Level	Casualty Costs	Estimated Investment Income	Net Effective Cost
\$0	\$167,588	\$71,363	\$96,225 Minimum
\$50,000	\$217,588	\$62,789	\$154,799
\$86,806	\$254,394	\$56,478	\$197,917 Average *
\$150,000	\$317,588	\$45,641	\$271,947
\$200,000	\$367,588	\$37,067	\$330,521
\$240,000	\$407,588	\$30,208	\$377,380
\$290,000	\$457,588	\$21,634	\$435,954
\$340,000	\$507,588	\$14,336	\$493,252
\$390,000	\$557,588	\$10,575	\$547,014
\$440,000	\$607,588	\$8,459	\$599,129
\$479,823	\$647,411	\$7,120	\$640,291 Expected Maximum

NET EFFECTIVE MINIMUM COST	\$96,225
-----------------------------------	-----------------

The minimum annual cost illustrated above is operating costs and additional expenses less approximate investment income or \$96,225.

EXPECTED MAXIMUM COST	\$647,411
------------------------------	------------------

The expected maximum annual cost is the pay-in cost plus an additional A Fund amount of \$194,005 or a total of \$647,411. Any additional A Fund amounts are payable over three years in quarterly installments.

NOTES TO ILLUSTRATION

The illustration does not contemplate risk sharing (caused or absorbed), operating costs differential, or closing costs.

Estimated investment income cannot be guaranteed. The amounts shown are for illustrative purposes only. The average rate of return in the CIF has been 6.01% since inception as of 12/31/20. The blended rate of return in the illustration is 5.42%. The blended rate contemplates available cash to invest (approximately 90%) and payment terms.

** To calculate the "Average" or "Capped Average" incurred loss amount, the total losses for all lines of coverage requested are divided by the total number of years of data (losses) provided, based on the most recent valuation date. A capped average limits all losses to the captive retention.*

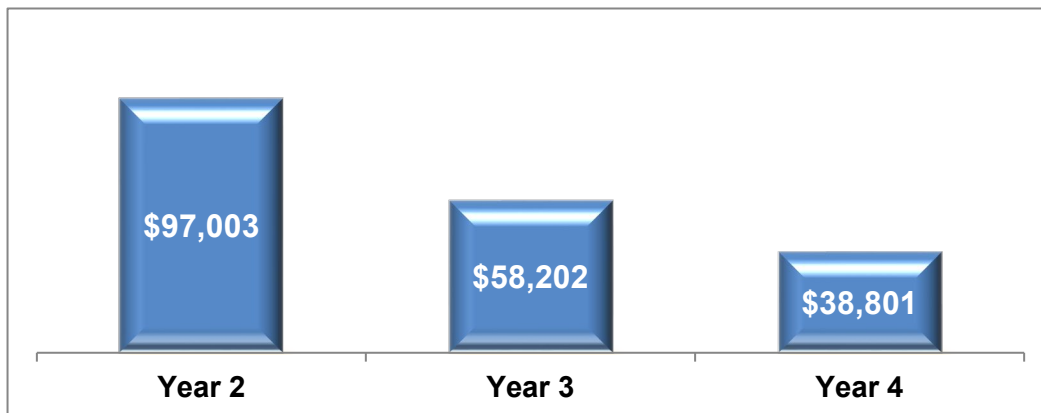

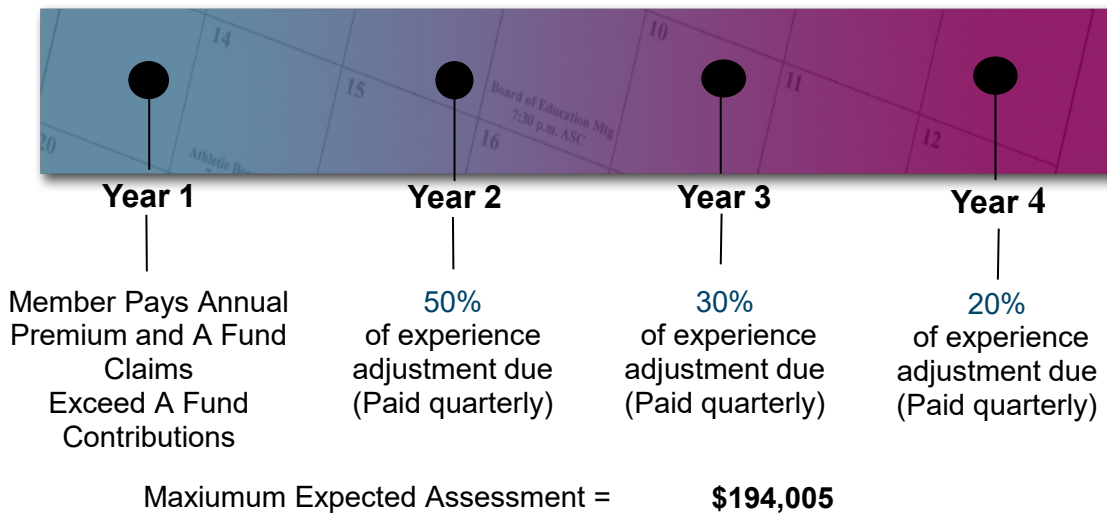

Captive Overview Assessment / Experience Adjustment

EXPERIENCE ADJUSTMENT ILLUSTRATION

Experience Adjustment (Claims Indemnification Billings or A Fund Assessment Billing):

Adjustment Billings are due upon receipt. Any unpaid balance after 30 days is subject to finance charges of 1%.

Assessment Payment Illustration

* Assessments are recalculated semi-annually and can be adjusted (returned or increased) as losses change.

Captive Overview Collateral Requirements

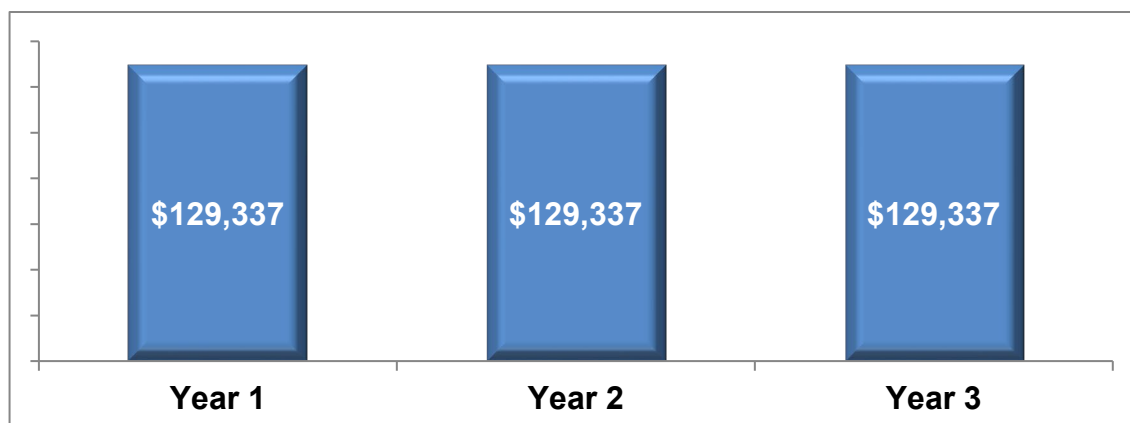

COLLATERAL

Security Collateral Requirement (Letter of Credit or Cash)

- 2 times the average A Fund for the three most recent and complete underwriting years.
- If a current member does not update its collateral (with an approved bank) within 60 days from March 1st, then it is required to immediately post cash. If the member does not comply, it is subject to notification of non-renewal.
- If a new member does not post its collateral within 90 days of joining (with an approved bank), the member is then required to immediately fund the obligation in cash security.
- If a new member does not post its collateral within 120 days of joining or a current member does not update its collateral within 90 days of the renewal (with an approved bank), a 1% per month finance charge will be billed until the collateral obligation is met.
- For any member's letter of credit on which non-renewal notice is received, if the nonrenewal notice is not rescinded within 14 days prior to expiry, then the letter of credit will be drawn down.
- Any excess collateral can be returned.

3 Year Letter of Credit Amount * = **\$388,011**

** Illustration assumes consistent annual A Fund equal to \$194,005. Actual A Fund will adjust annually based upon each year's loss forecast which includes exposure and loss changes.*

Audit Factors D&M Contracting, Inc.

Line of Coverage	Premium	Exposure Units	Audit Factor
Annual Premium:			
03/01/21 - 03/01/22			
Workers' Compensation	\$ 136,705	\$7,123,000	\$100 of payroll \$ 1.9192
General Liability	\$ 202,615	\$5,795,000	\$1,000 of total payroll including Stop Gap but excluding clerical and sales \$ 34.9638
Auto Liability	\$ 90,867	104	each power unit \$ 873.7176
Auto Physical Damage	\$ 14,112	175	each unit \$ 80.6389
TOTAL ANNUAL	\$ 444,299		

Pro-Rata Premium:			
08/01/21 - 03/01/22			
Workers' Compensation	\$ 79,426	\$4,138,463	\$100 of payroll \$ 1.9192
General Liability	\$ 117,720	\$3,366,895	\$1,000 of total payroll including Stop Gap but excluding clerical and sales \$ 34.9638
Auto Liability	\$ 52,794	104	each power unit \$ 507.6299
Auto Physical Damage	\$ 8,199	175	each unit \$ 46.8512
TOTAL PRORATA	\$ 258,138		

To Determine Final Earned Premium:

Workers' Compensation audit factors are applied per \$100 of actual total payroll.

General Liability audit factors are applied per \$1,000 of actual total payroll including Stop Gap but excluding clerical and sales.

Automobile Liability audit factors are applied to each power unit.

Automobile Physical Damage audit factors are applied per unit insured.

Please note that the above audit factors do not include state surcharges, assessments or broker fees. State surcharges, TRIA, and DTEC are subject to audit and will be added to determine the final earned premium.

Effective 3/1/2020, the minimum annual premium for new members joining the Company will be \$300,000.

The minimum renewal and audited/earned premium is based on the date a member joins the Company:

- > \$100,000 with join dates prior to 3/1/18
- > \$150,000 with join date on or after 3/1/18

Captive Overview D&M Contracting, Inc.

Captive Highlights

- A.** The National Contractors Insurance Ltd. premium payments are made as four quarterly installments - 3/1, 6/1, 9/1, 12/1. For those members who join between billing dates, the installments are pro-rated to the next quarterly installment. The National Contractors Insurance Ltd. renewal date for all members is 3/1.
- B.** The A Fund pays for the first \$150,000 of each loss, and the B Fund contributes to the remainder of the company loss layer of \$400,000 total per occurrence plus a proportionate share of allocated loss adjustment expense. If the B Fund contribution for a member is exhausted and no profits remain in the A layer, then the other members of National Contractors Insurance Ltd. fund that member's B Fund balance, if necessary.
- C.** Allocated Loss Adjustment Expense (ALAE) are those expenses that are linked directly to the handling of a specific claim. Some examples of ALAE are third parties engaged to investigate the veracity of claims, to act as legal counsel, and to provide medical case management. Allocated expenses are the responsibility of all reinsurers on a pro-rata basis in addition to each reinsurer's retention on the program. ALAE is allocated on a pro-rata basis between the captive and the Excess Reinsurance Company. The allocation is determined by the ratio of indemnity loss between the Captive and the Excess Reinsurance Company.
- D.** You can be charged an experience adjustment of up to 100% of your A Fund amount due to adverse loss experience. A letter of credit or cash (which is credited with investment income) equal to two thirds (2/3) of the A Fund must be posted to National Contractors Insurance Ltd. to secure this commitment. An additional two thirds (2/3) will be posted in each additional year until a maximum of 200% of the average A Fund for the most recent three years is reached. Please refer to the Captive Overview – Collateral Requirements.
- E.** National Contractors Insurance Ltd. endeavors to operate on a nine-year accounting cycle. This means the Board of Directors will consider closing its accounting for a single underwriting year eight years after the close of the underwriting year and a partial payment after four years of close. Each policy year's results are divided within the company's financial statements for illustrative purposes. Each member's equity position for each underwriting year is shown. If your losses, plus risk sharing losses, are less than the amount deposited into your loss fund, it is the intent of National Contractors Insurance Ltd. to return the remaining balance plus
- F.** As with your previous insurance programs, the National Contractors Insurance Ltd. premium is auditable at the end of the policy period. The final premium is based on the audited exposures multiplied by the captive audit factors. Those audit factors are attached. In addition, any TRIA charges and State Surcharges will be subject to final audit.
Effective 3/1/2020, the minimum annual premium for new members joining the Company will be \$300,000. Florida, New York, and Wisconsin have industry-specific minimum premiums that are subject to underwriting approval.
The minimum renewal and audited/earned premium is \$100,000 for all members who join the Company prior to 3/1/2018 and \$150,000 for members who join on or after 3/1/2018.
- G.** National Contractors Insurance Ltd. has created a rolling Internal Tail Fund. This fund is an extension of the group captive concept employed by National Contractors Insurance Ltd. and is designed to provide an orderly, more predictable run-off process for prior underwriting years. The rolling Internal Tail Fund assumes the outstanding liabilities for case loss reserves and IBNR (Incurred But Not Reported) reserves, thereby allowing the release of any remaining equity for a given underwriting period. The results of the Internal Tail Fund are reflected in the current underwriting year and are the responsibility of the current membership. The Tail Fund will continue to roll forward as past underwriting years are included.

Captive Overview D&M Contracting, Inc.

Captive Highlights

- H. The shareholder invests \$25,000 as equity within the company - \$24,900 for one redeemable preference share and \$100 for a single common share. All shareholders represent a single and equal vote within the company.
- I. Policies are written on an annual basis. The legal commitment of any new member is on a year-to-year basis and at your discretion the policies can be non-renewed annually. National Contractors Insurance Ltd. asks for a three-year moral commitment to allow time for you to become familiar with all the workings of the program. However, on a legal basis, it's only a one-year commitment.
- J. As a voting member you will be involved in the management of the insurance program for all members.
- K. The loss funds paid by National Contractors Insurance Ltd. members will be reflected in the Equity Statement. Investment Income accrues on these funds until claims are paid or distributions are made.
- L. Zurich North America, an A.M. Best "A+" rated insurer, is the policy issuing company for National Contractors Insurance Ltd. Zurich North America, through the issuance of its policies, provides financial security for both National Contractors Insurance Ltd. and particularly its member companies. Zurich North America is ultimately responsible for the payment of covered claims under the policies to its insureds.
- M. An Adjustment may be made to the actuarial projections and is approved by the policy issuing carrier.
- N. The reinsurance protection is provided by Zurich North America, which has an A.M. Best Rating of A+. The reinsurance protects National Contractors Insurance Ltd. against catastrophic losses exceeding \$400,000. In addition, Zurich North America provides \$10,000,000 of aggregate excess insurance that protects the captive in the event total losses exceed the maximum of 2A Fund + B Fund. Allocated expenses (ALAE) are the responsibility of all reinsurers on a pro-rata basis in addition to each reinsurer's retention on the program. ALAE is allocated on a pro-rata basis between the captive and the Excess Reinsurance Company. The allocation is determined by the ratio of indemnity loss between the Captive and the Excess Reinsurance Company.
- O. Zurich North America will provide claim service. Through the arrangement with National Contractors Insurance Ltd., you have significant control regarding how claims are adjudicated which could further help reduce claim costs and create profits.
- P. Captive Resources provides direction to all service providers on behalf of the Board of Directors and is available at all times to assist with questions or problems. A dedicated claim staff acts as claim advocate for the captive members by tracking "hot claims", coordinating claim review meetings, and assisting with prompt
- Q. Your broker will continue to provide service to you similar to your current services. Your Broker's services will typically include insurance policy review and maintenance, coverage recommendations, contract review, certificate of insurance issuance, auto ID card issuance, and placement of coverages not offered by National Contractors Insurance Ltd. Certificate issuance can usually be made within twenty-four hours.

Captive Overview D&M Contracting, Inc.

Captive Highlights

- R.** The loss prevention services are tailored to meet your individual needs and the cost is included within the premiums. We believe you will find the assistance on the casualty program helpful in lowering claim costs and creating further profits.
- S.** In addition to the loss prevention services provided, the risk control staff of Captive Resources organizes and coordinates semi-annual risk control workshops. As a member, you will also have access to the risk control buying programs developed by National Contractors Insurance Ltd. These include negotiated discounts for substance abuse program consulting, behavioral testing, and safety products.
- T.** Your umbrella policy, purchased separately, will attach directly above the Zurich North America policies. The certificates will show both Zurich North America and your umbrella carrier, if desired.
- U.** National Contractors Insurance Ltd. usually holds its board meetings twice per year in varying offshore locations. Including the committee meetings, business is generally concluded within two days. It is expected that an executive representative of each member will participate in every meeting.
- V.** In order to incentivize meeting attendance, the National Contractors Insurance Ltd. Board of Directors approved an additional charge of \$4,000 per policy year to each member with \$2,000 allocated per board meeting. Each member that attends a meeting will be reimbursed \$2,000. Any company not represented will have its \$2,000 disbursed to the members in attendance. The first meeting fee will be waived for any new member who joins the captive less than 90 days prior to the next previously scheduled board meeting date.
- W.** National Contractors Insurance Ltd. does not try to follow the soft or hard insurance market. Rather, it strives to provide a long term, stable, and controlled approach to risk financing.
- X.** As the nature of Workers' Compensation changes, cost containment programs such as captives evolve, and government regulations shift, one thing remains constant: National Contractors Insurance Ltd. members must control exposures to loss. To this end, National Contractors Insurance Ltd. is requiring each member to pay their portion of the Occupational Accident Death and Dismemberment policy premium in the name of the captive with a limit of \$400,000. The cost will be \$1.12 per clerical employee and \$4.20 per "all other" employees per month. Your broker will process the policy billing and explain the coverage benefits payable under the policy. The coverage is also provided by Zurich North America.
- Y.** This proposal is subject to adherence to National Contractors Insurance Ltd. risk control guidelines and to any risk control recommendations outlined in the consultant's assessment.
- Z.** The National Contractors Insurance Ltd. Board of Directors elected to limit Uninsured/Underinsured Motorist Coverage to statutory limits. Uninsured/Underinsured Motorist Coverage Forms are required to be submitted prior to binding for any member purchasing Automobile Liability coverage. Failure to remit "properly" executed forms to Zurich prior to the effective date will result in an additional annual reinsurance charge equal to \$500 per power unit.
- AA.** On an annual basis, all National Contractors Insurance Ltd. Members are required to submit financial statements that have been reviewed by a third party.

The above are highlights of the captive program. Please refer to the Information Memorandum provided by Kensington Management Group for full captive requirements and regulations.

National Contractors Insurance Ltd. Collection Policy

Approved January 2021

- **COLLATERAL/SECURITY OBLIGATIONS:** If a current member does not update its collateral within 60 days from March 1st, then it is required to immediately post cash. If the member does not comply, it is subject to notification of non-renewal.
- If a new member does not post its collateral within 90 days of joining, the member is then required to immediately fund the obligation in cash security.
- If a new member does not post its collateral within 120 days of joining or a current member does not update its collateral within 90 days of the renewal, a 1% per month finance charge will be billed until the collateral obligation is met.
- For any member's letter of credit on which non-renewal notice is received, if the nonrenewal notice is not rescinded within 14 days prior to expiry, then the letter of credit will be drawn down.
- **ASSESSMENTS:** Assessments are due within 30 days of invoicing. If a member is 30 days late in two out of four consecutive quarters, it will be subject to notification of non-renewal. In addition, an interest penalty of 1% per month will be charged to any past due balances.
- **PREMIUM:** Under the current policy, a member is issued cancellation notice if payment is not received after 30 days. This notice of cancellation gives the member a further 10 days to remit its premium without being subject to cancellation. In an effort to stop habitual late-payers, the Committee has adopted a policy that will subject members that are 30 days late in two out of four consecutive quarters from being offered an installment plan at renewal.
- **AUDIT PREMIUM:** If a member does not pay its audit premium within 30 days from the date it is invoiced, the member will be subject to notification of non-renewal. If an audit is in dispute, the undisputed portion of the audit must be paid within the 30-day time period. Failure to do so will cause a member to be subject to notification of non-renewal. If a member has not paid its audit premium for the most recent underwriting period by the date of the fall NCI Board Meeting, the member will be placed in "not in good standing" and will not receive distributions until the audit is completed and paid in full.

Delinquency related to any of the above obligations will result in the member being placed in "not in good standing" status and not receiving distributions until outstanding obligations are collected.

Underwriting Submission D&M Contracting, Inc.

The following attached submission materials have been submitted by your broker on your behalf for consideration into the NCI program. You should retain this information for future reference.

Please be sure to review all submission material with your Broker of Record to confirm accuracy.

Financial Review

NCI utilizes a secure file drop system called LiquidFiles in order for you to submit your financial information to NCI's independent financial analyst, John Flanagan. This financial information should include reviewed or audited financial statements as required by the policy approved by the Board of Directors at the August 2017 meeting.

To upload your financial information, please use the link below to access the LiquidFiles portal for NCI, where we ask that you follow these instructions:

1. Enter your email address in the From field. If the financial analyst needs additional information, he will reach out accordingly.
2. In the Subject field, type "PROSPECT" followed by the prospect company name.
3. Complete the Message field as appropriate.
4. Add the necessary files to the "Drop Files Here" box. You can do this by using the "+ Add Files..." button or via drag and drop.

- * You will need to submit the latest year-end financial statements.

- * If older than 6 months, you will need to provide interim financial documentation as well (balance sheet & income statement).

- * Financials must be provided for or list all of the named insureds that operate independently as shown on the Named Insureds & Locations tab.

5. Once complete, select the "Send" button.

Mr. Flanagan will then receive a notice that your financial information has been uploaded to this secure site.

If you have questions regarding this procedure, please call one of our team members:
Barb Anthony at (847) 879-2389

Cancellation by Us (60 days)	UGU 298	
Account Rate Computation Endt.	UCA 411	The premium charged at the inception of the policy will be an account average rate charged against the initial number of vehicles reported. The number of vehicles, when used as a premium basis for automobile liability, means any vehicle which is self-propelled. The number of vehicles, when used as a premium basis for automobile physical damage, means self-propelled vehicles and trailers. The policy will automatically include all new vehicles throughout the year with no need to report or endorsements being issued. At the conclusion of the policy year, a final vehicle total will be reported. The final premium will be determined by totaling the beginning and ending counts, dividing this by two (averaging) and multiplying this by the account average rate. Some exceptions may apply based on state laws (i.e. Texas).
Public Or Livery Passenger Conveyance And On-Demand Delivery Services Exclusion	CA 2345	
Notice Regarding Terrorism Premium	UCA 531	1% OF COMMERCIAL AUTO PREMIUM
Calculation of Premium	IL 00 03	
Installment Premium Schedule	UGU 406	Quarterly installments

National Contractors Insurance Ltd. Synopsis of Value Added Services

Risk Control Workshops

- Held semi-annually in April and September.
- Appropriate for all personnel. Owners and upper management are encouraged to attend.
- Workshop locations are easy travel cities around the nation.
- 3-day agenda includes orientation, dinner outing, and various presentations.
- Presentations by specialists, service providers, fellow members and product/service vendors.
- Concurrent education tracks for loss prevention and claims management.
- Agenda and registration announcement sent 60-90 days prior to workshop.

Risk Control Webinars

- Held third Tuesday of each month at 10AM and 3PM Central Time.
- May register for all 12 months instantaneously.
- An array of topics for safety, loss prevention, claims management and more.
- Session recording web links are available to members.
- Agenda and registration announcement for the new year is sent in December.

Group Purchasing Programs

- Products and services that can enhance captive members' loss control program.
- For most vendors, captive member discount is available.
- Most participants have been referred by captive members.
- To qualify:
 1. GPP vendors must offer a unique risk control related product or service.
 2. GPP vendors must currently be utilized by CRI-affiliated captive members.

ReEmployAbility

- Vendor to help get injured employees back to work.
- Can place injured workers in volunteer positions at most restricted levels.
- Flat fee charged to claim file, employer continues salary rather than WC benefits.
- Available immediately on as requested basis.

Awards/Watchlist Process

- Risk Control Benchmarks are in place to measure member performance through leading/lagging indicators and to promote continuous improvement.
- The Support List is a tool used to identify those members that are experiencing difficulty in meeting the risk control performance objectives.
- An Awards Program is also in place to recognize top performing members on an annual basis.

Member Web Portal - <http://nationalcontractorsinsuranceltd.com/>

- The NCI Portal allows members to access workshop materials, recorded webinars, and other risk control information.
- Pose questions to fellow members on the Forum Discussion Board.
- Utilize the Contacts/Organizations Section to network with fellow members.
