

Builder's Risk Quote Requirements Checklist

- ☐ Completed Builder's Risk Application (included)
- ☐ Copy of AIA Agreement or other similar agreement
- ☐ Copy of General Contractor's Certificate of Insurance
- ☐ Copy of any appraisal report prepared for Lenders
- ☐ Insurance Requirements from each Lender/Mortgagee
- ☐ Project Developer's most current budget and cash flows
- ☐ Does this project have multiple phases?
 - ☐ If so, is the quote needed by phases?
- ☐ Detailed breakdown of most current construction values as provided by the General Contractor
- ☐ Complete description of the site security plan that is incorporated into the construction plan
- ☐ Project construction timeline as provided by the General Contractor (referred to as Gantt chart)
- ☐ Breakdown of the building/buildings by square footage, values and by the construction (i.e. frame vs. masonry)

- ☐ If a renovation, copy of any appraisals/engineers reports that have been completed pertaining to site.
 - ☐ Copy of their development budget
 - ☐ Geotech / soils report
 - ☐ Construction cost breakdown from the General Contractor
 - ☐ Construction timeline from the General Contractor

- ☐ How often is debris removed and what is the distance of the dumpsters from the building?
 - ☐ Is hot work supervised?
 - ☐ What are the safety checks?
 - ☐ Is there a no smoking rule?
 - ☐ If not, where is smoking prohibited?
 - ☐ Will there be any temporary heat source used inside the building during construction?
 - ☐ If yes, what type and what steps will be taken to ensure that use of the temporary heat does not represent additional fire hazard?
 - ☐ Pro forma for business income

Builders Risk Location Description Form

Effective Date: _____

Name of Project: _____

Address of Project: _____

Owner (legal name): _____

Owner(s): _____

This project is:

____ New Construction ____ Renovations* ____ Renovations including structural renovations**

** Renovations described as a gut rehab include modification of the building structure, re-plumbing, or rewiring. Cosmetic maintenance of the exterior or interior (painting, roof replacement, window replacement) does not require Builders Risk insurance.*

Valet parking: ____ Yes ____ No

Electric card access: ____ Yes ____ No

If multiple buildings are included in the property, please list all street addresses associated with the buildings:

Please attach the following documents:

1. Insurance certificates from the General Contractor must be submitted before Builders Risk insurance can normally be obtained.

The General Contractors insurance policies must name the owner as an additional insured with the limits below.

- ☐ Automobile liability: \$1,000,000 Combined single limit for property damage/bodily injury.
- ☐ General liability: \$1,000,000/\$2,000,000 aggregate limit per project.
- ☐ Umbrella liability: Ask them to state their full limit on the certificate or a minimum \$2,000,000 limit.
- ☐ Workers Compensation/Employers liability: \$500,000/\$500,000/\$500,000 limits or \$100,000/\$100,000/\$500,000 if they have an umbrella over this policy.

If not submitting the above information at this time, please provide an explanation and expected date of submission. _____

What percentage of the work is subcontracted to other parties? _____

Are certificates of insurance maintained for all contractors and subcontractors? ____ Yes ____ No

If more than 50% of the work is subcontracted, it is advisable to include in the contract agreement with the General Contractor (GC) that the GC is responsible for securing all certificates of insurance from subcontractors.

2. A copy of the construction schedule is required.
 - a. Who is responsible for insuring building materials while in transit? _____
 - b. Will a trailer be located on the premises? ____ Yes ____ No
 - i. If yes, what is its estimated value? _____
 - c. Will there be any off-site storage? ____ Yes ____ No
 - i. If yes, what is its estimated value? _____
 - d. Is the contractor's equipment secured at night? ____ Yes ____ No
3. If a renovation, copy of any appraisals/engineers reports that have been completed pertaining to site.
4. Copy of their development budget
5. Geotech / soils report
6. Construction cost breakdown from the general contractor
7. Construction timeline from the general contractor

Builder's Risk Quote Requirements Checklist

Please Provide Values Below

These dollar values will assist the insurance agent and carrier in assessing the replacement cost value.

Breakdown of dollar values

Hard Cost

New construction cost \$ _____

Renovation construction cost: \$ _____

Building(s) replacement value upon completion: \$ _____

Soft Cost

Advertising and Promotional Expenses: \$ _____

Architectural and/or Engineering supervisory services and consulting fees: \$ _____
