PROFESSIONAL EXPERIENCE

Construction and Risk Management /CIP Consultant

June 2022-Present

Technical construction and risk management consultant providing insights, counsel, mentoring and education to brokers & agents, contractors and real estate developers.

USI Insurance Services | Regional Construction Practice Leader / Hybrid Worker

April 2021-June 2022

Thought leader for construction industry trends, risks, and product development strategies.

- Developed insurance coverage specifications, expanding the terms and conditions for the placements.
- Authored a white paper on Supply Chain challenges and contract language modifications for protection.
- Developed library of construction industry educational documents for use by our producers and technical service teams
- Marketed and placed property / casualty insurance for projects and advised on coverages necessary for the placement of contractor corporate insurance programs.
- Led business development strategy, conducted prospecting searches through Dodge Reports, provided coverage analysis of competitor policies and role-played on new opportunities resulting in numerous new business successes.
- Mentored junior producers and servicing teams to successfully write new accounts.
- Position eliminated.

Essentia Health, Duluth | Insurance Management Advisor / Remote Worker

March 2020-April 2021

Multi-state \$3B+ healthcare system with a portfolio of hospitals, clinics, assisted living, and long-term care facilities.

- Reviewed policies for COVID-19 recovery and received \$1M from the property carrier and submitted a \$5M claim on the environmental liability policy.
- Led the renewal strategy of the corporate insurance program, suggesting the broker competitively market the program where it had just been renewed for 10 years. Consolidated 11 different anniversary policy dates to 3 for volume purchasing and alignment of coverage. The outcome was a savings of \$1.2M for only a few of the policy renewals.
- Initiated ERM14 to remove poor losses from the EMR due to a divestiture resulting in an EMR decrease from 1.02 to .76. and a corresponding savings under the Workers' Compensation program.
- Cleaned up the driver list removing 165+ drivers that had retired or were terminated, removed 10 vehicles that were sold or junked over 10 years prior, and cleaned up the \$3.4B property portfolio finding 74 properties worth \$175M that had been sold, torn down, etc. resulting in significant return premium, accurate property portfolio with updated information and values, net effect: significant savings on our policy renewals.
- Created Essentia's first Fleet Safety program.
- Implemented a process through HR for notification of new or terminated drivers.
- Temporary position through March 26, 2021.

Marsh USA National Construction Casualty Practice | SVP / Sr. Placement Specialist April 2018-November 2019

Returned to Marsh to help mentor junior placement brokers.

- Regional placement officer on project specific placements and contractor corporate insurance programs.
- Position eliminated after junior placement brokers were trained/mentored.
